Progress.

Public enterprise is commendable in every citizen doing his best to beautify his surroundings in every way possible, not only in keeping their places clean and sweet with their own exertions, but also in their locality in uniting with their neighbors in every laudable manner in making public improvements or in ornamenting those already in existence.

Places of worship, public parks, halls and school houses, deserve special mention, for strangers coming to visit us generally give these their first attention. When these places are left without any taste being developed in their betterment, where every one can come and go without any molestation they soon begin a deterioration in looks if not in value.

The city north gives us an example in making public utilities up-to-date in cleanliness and light, all tending to purity and progress. It may be a question which is the best financially, but in point of beauty, clean streets and good school houses there is no dubiety. Springville has four school houses large and up to date in every particular. Another one is in contemplation at the cost of \$25,000, taxing the residents at 5 mills on the dollar for 3 years and then they have it. In Spanish Fork it was confidently hoped that we were to get a much needed new school until the taxpayers met and voted it down; while at a former meeting voted for it at an estimated cost of \$21,000, it looked as if they did not know their own mind. O, consistency, thou art a jewel.

One of those who spoke and voted against it was an ex-principal. While he was in school he was like Oliver Twist—always calling for more room. At present we have two large schools which are overcrowded and three small schools for the lower grades. Next year we will have to get another for the kindergarten, making four small schools with eight teachers. Now consolidate these and build a large one. It can be done to advantage with economy in teachers, janitors, fuel, etc., and with better effect on the pupils and teachers. Gentlemen, I am in favor of the motion in last week's Press: Let us reconsider.

We have a fine line of groceries to select from to suit the taste. A large quantity of dress goods and suits to please the eye. Latest styles in shoes and slippers to fit the feet. Best and latest shades and models in hats for the head, and all other necessities to make home comfortable and life happy. ym

There were several new members initiated into the Kensington Club, Tuesday night at the home of Mr. and Mrs. Alma Jensen. The funny part of it was that the party was a complete surprise to the host and hostess but none the less enjoyable. A slating contest ensued, Mrs. Nave carrying off the first prize, and then a jiggling contest took place, the honors being carried off by Al Rockhill. For further particulars enquire at the city drug store. A summary of the Kensington Club for the month of April is as follows: those who entertained were Zenobia Jensen, Mary Jane Jones, Louise Larsen and Thea Rockhill. The literary parts were given by Rachel Banks and LaRene Hughes. Thea Rockhill read an interesting account of the landing of the fleet in California. Mary Nave and Louise Larsen have charge of the music and Eliza Davis is director of Fancy Work. Dainty refreshments are always served by the hostess.

The members of the Self Culture Club were royally entertained by Mrs. L. M. Jones at the Charlotte hotel last Friday evening. The regular program of the club was given in which Wells Robertson gave a Book in an interesting manner, after which progressive "63" was played until 11:30, when an excellent supper was served.

For some time Jones and Brown were engaged in business in the old Oran Lewis stand on the Springville road. Finally Jones sold out his interest to Brown, and a piece of white canvas was pasted over Jones on the sign, "Jones and Brown" over the door. Recently Brown sold out to Jones and the plaster has been pulled off from Jones and pasted over Brown. You'll thus see that these gentlemen have been badly pasted but are still in the ring.

Man Who Is Not Safe.
The man who knows better how to do another man's work than he does his own is not safe for any kind of work.

The Farmers' Co-op.

Work was commenced on a frame structure south of the W. O. Creer building on Main street Monday, to be used as a store for the Farmers' Co-op. Work was progressing nicely when on Tuesday, Mayor Martell and City Councilman J. Preston Creer appeared on the scene and informed the builders that they were within the fire limits and building contrary to city ordinance and that a frame building would not be allowed to go up and ordered the work discontinued, which order was promptly obeyed.

At a special meeting of the city council held Wednesday night, Nicholas Smith was selected as building inspector. Mr. Smith will no doubt determine within a few days as to whether, under the city ordinance, this building should be permitted to go up or not.

Monday, April 20, a farewell party was given in the 1st ward meeting house under the directions of the amusement committee and the Sunday School officers in honor of Wm. D. Holt, who left Tuesday morning for a mission in the Central States. Prof. Goodmanson, Prof. Lund, Miss Jennie Kempt and Mable Borge from Provo were in attendance, taking part in the program. Also Dr. Geo. H. Brimhall who spoke very complimentary of brother Holt, he having been a member of the B. Y. U. band, orchestra and choir. Monday a phone message was received by Marshal Dart from Oliville that Jed Butler was on the war path and made threats to kill off the community and asking that an officer come out at once. It being a county case, Marshal Dart telephoned to Sheriff Harmon at Provo, who instructed Dart to go out and look into the trouble. Dart went out and arrested Butler and took him to Provo where he was taken before Judge Booth and examined as to his mental condition. He was ordered taken to the insane asylum, as he was not considered of sound mind.

SUBSCRIBERS—TAKE NOTICE.

We have sent out to some, and will send out to others, a statement of their account with this paper, some of which are in arrears more than one year. We are anxious to get along the best way possible with our subscribers, and while the subscription is payable in advance, at the same time, while trying to be lenient, some have been allowed to run behind a year, and some over one year. It has been ruled by the Postal Department that a subscriber one year in arrears is not entitled to the second-class rate through the mails. The time set for this rule to go into effect was January 1st, 1908, but the publishers were granted an extension of time till April 1st to straighten up their accounts. We have yet a few who are more than one year in arrears, which will be removed from the list if not paid before the 15th of May, 1908.

Notice.
Notice is hereby given that a meeting of the tax payers of this district will be held in the Central School house Saturday evening, May 9th, 1908, for the purpose of considering consolidation. By order of the county supt. Spanish Fork, April 30, 1908.

Now therefore, I, Thomas P. Kane, Deputy and Acting Comptroller of the Currency, do hereby certify that "The First National Bank of Spanish Fork," in the county of Utah, and State of Utah, is authorized to commence the business of banking as provided in Section Fifty one hundred and sixty nine of the Revised Statutes of the United States.
In testimony whereof witness my hand and seal of office this Twenty-first day of April, 1908.

The man who allows weeds and brush to grow on his ditch banks and side walks, and neglects to clean up tin cans, rocks, and other trash off his street as well as his premises, is "knocking" the community. Clean up and keep clean, and thus "boost" for Spanish Fork.
